Professional Summary

Software Engineer with 4+ years of experience building high-performance web applications and scalable frontend architectures with Next.js, React and TypeScript.

Currently leading frontend architecture decisions for internal platforms used by thousands of users, across insurance, healthcare and investment products. Focused on the intersection of product engineering and system design: modernizing legacy systems, optimizing performance, and defining frontend architecture for growing products. Experienced working across the stack, integrating .NET APIs when the architecture requires it.

Technical Skills

Frontend: Next.js, React.js, TypeScript, JavaScript ES6+, Tailwind CSS, Sass, ChakraUI, Styled Components, Framer Motion

Backend: C#, ASP.NET Web API, SQL Server, Entity Framework, REST APIs,

Practices: Git, GitLab CI/CD, Clean Architecture, Agile SCRUM, SEO optimization

Professional Experience

Software Engineer

La Mutual de AMR | Remote | Nov 2023 – Present

- Redesigned core web architecture, reducing application load times by 35%
- Defined frontend architecture and technology stack across products
- Built full-stack features integrating Next.js, React, TypeScript and .NET APIs
- Introduced reusable component systems that eliminated duplicate UI code across products
- Established code review standards and mentored junior developers

Fullstack Engineer

La Mutual de AMR | Remote | Aug 2022 – Nov 2023

- Built MutualData, a platform for large-scale financial data processing and visualization
- Architected component systems and API integrations for Tus Cuentas, an investment platform
- Migrated e-commerce platform from CSHTML to Next.js, improving maintainability
- Modernized legacy Angular applications to Next.js architecture

Frontend Engineer

La Mutual de AMR | Remote | Jun 2022 – Aug 2022

- Built responsive UIs for LaMedica, Mis Inversiones and MutualData
- Implemented component systems with Next.js, TypeScript, Chakra UI and SASS
- Integrated frontend applications with backend APIs across CI/CD and Agile environments

Frontend Developer

IT Tech-Group | Remote | Feb 2022 – Jul 2022

- Built responsive interfaces with React, Tailwind CSS and Styled Components
- Implemented UI animations with Framer Motion
- Delivered production-ready frontends integrated with external APIs

IT Technician

Universidad del Gran Rosario | Funes, Santa Fe, Argentina | Apr 2021 – Jun 2022

- Provided hardware and network maintenance, diagnostics and technical support

Education

EducacionIT – Cybersecurity (May 2022 – Jan 2024)

Certifications

Web Survival Fundamentals (Free, Certified)

TypeScript Fundamentals

JavaScript Fundamentals

JavaScript Essentials

Unit Testing with Jest in React
